English

Tamil

VIKASH P

ASPIRING DATA SCIENTIST

I'm a full-time student with a strong interest in web development and data analytics, especially in areas like machine learning and deep learning. While I'm working on my technical skills, I'm also curious about the business side of these fields. I'm looking to explore concepts like business analysis, market analysis, and product development to better understand the relationship between technology and business.

EXPERIENCE

PYTHON DEVELOPER

Feb 2023 - Present

I developed the tool "Multilingual Audiobook Generator". This tool efficiently converts PDF documents into audiobooks in various languages. Users can effortlessly convert PDFs, select their preferred language, and personalize the audiobook. The user-friendly interface ensures accessibility for all, including individuals with visual impairments and those who prefer audio content.

DATA ANALYST

IIT MADRAS

Jun 2023 - Present

Conducted a comprehensive data collection initiative at a local petrol pump to evaluate and enhance operational efficiency and profitability. Collected real-time data, analyzed performance metrics, and implemented optimization strategies. This project provided valuable insights into data-driven decision-making and practical experience in business data management.

GRAPHIC DESIGNER

Slug N Plug Student Club

October 2022 - Present

- Designed posts for Social Media page.
- Attended workshops on Designing.
